Reference 1167
EVO SAFETY & REGULATORY POLICE LIVERY
EVO provide a design, manufacturing and application service for all Emergency Vehicle Signage requirements, addressing the standards recommended within Chapter 8 of the original and developing 1989 Road Vehicle Lighting Regulations.
EVO individual design embraces vehicle shape and panel curvatures when templating for the computerised cutting and edge welding. Typically EVO designs provide for robust performance against peeling, as long as the cleaning method instructions are applied.
INFORMATION
EVO provide solutions for all leading vehicle makes and models, please email sales@evoltd.com for details, stating vehicle make, model, body type and service type.

This EVO DATA SHEET is part of our internal knowledge base that we at EVO share with our customers and alliance partners, to inform and improve the decision making process, as that of a diligent and careful supplier. Please refer to our DATA SHEET 0008 which details our disclaimer to how the information provided is used and our copyrights.
